

Wes Abi Intro Script

Hi, I'm Wes.

My full name is Wasabia Japonica but I go by Wes or Wes Abi.

You've probably seen me at your local sushi joint
Or maybe, like, some gourmet place.

Anyway, (sigh?)

People say they can only handle me in small doses
That, that, I come off too strong
That I'm too intense
(shifting)

But what does that even mean?
I'm just a lump of green stuff
How much damage can I really do?
I think, I mean, I'm a pretty good guy?

So next time you look at me with caution in your eyes,
Why not give me a second chance?
