That was the day

Music: Symphony, feeling of rising up to meet the day

ANNCR

That was the day...

The day your alarm clock didn't go off,

And you ran out of hair gel.

You got all sweaty when you were stuck in traffic,

Spilled coffee on your shirt,

And you had last night's pulled pork stuck in your teeth.

That was the day...

You got your I.D. picture taken.

So while your photo may look ugly

At PEI Liquor, we gotta see your I.D. if you look 30 or under.
