

YOUR TEAM

You had me **at LO.**

We know L.O.s. We started as L.O.s. So we know where the pressure points are. Which is why we base everything we do around simple. You'll notice it right from the beginning. First, sign-up is simple. As in one doc simple. Your kid could do it while playing Minecraft and texting eleven friends. Then, we assign you a dedicated team. Your team. They stick with you loan after loan. And if you need to swap a player out, you can bring in a fresh face any time you want. With other lenders you might get lost in the shuffle. With us, you control the shuffle. We think when you work consistently with the same people, everything just gets a lot simpler. You wind up working smarter and not harder. That makes your whole team more efficient. And that helps you grow your business. It's how we make it simple, so that you can make it happen.

ARE YOU GOING TO
MAKE ME LOOK STUPID?

Like a really **good haircut.**

We're here to make you look good. We know that's a legit concern for brokers. You don't want to be working with knuckleheads who wind up making you look bad. So, not only do we have a semi-official no knucklehead policy but when you work with us you pick your own team. Even the underwriter. And you can swap out players any time you like. Plus, we assign a Broker Advocate to every loan to be your wingman. Their sole purpose is to make sure you always look good. It's as simple as that. **Loan Simple. The simple way to home.**

MAKE ME LOOK STUPID?

You can handle it when you do it to yourself. Happens to the best of us. But when someone else does it for you, it drives you broygez. That's why, when you work with us we give you a dedicated and experienced team. They stick with you from loan to loan so you consistently work with the same people. We think when people get to know each other everything gets a lot simpler. Your team gets super efficient and you know that everything is going to get done the way you like it. That's how a lot of experience and a healthy dose of keeping it simple can make sure you always come out looking like a real mensch.

TIME BACK GUARANTEE

Time is so money.

See what we did there? The truth is that time really isn't money. Money is money. But time is valuable. So we try and save as much of it for you as we can. We call it The Time Back Guarantee. When you work with us we order your VOE's, flood certs and 4506T's so you can take those off your honey-do list. And with our click and drag blob folder you just drop in a single PDF and we index every document for you. What used to take an entire day now gets done in about 30 minutes. So you wind up with a whole lot less busy work and a lot more time to grow your business. And to us, that's so money.
