*TERMINATED FOR
NOT MAKING THE
LOGO BIGGER*

When we say anything, we mean literally anything. Merch, memes, fake podcasts, cool stickers, client roasts. Bad Egg is a brand just for us, but also for the industry; for any creative who's ever been laid off via Zoom, asked to "make the logo bigger," or felt the rush of exhilaration that comes with edging on the brink of breakthrough. The kinda stuff that makes it all worthwhile. Anyways, don't take it too seriously. We don't. It's merely a space to crack open convention and let our rotten, gooey guts ooze out.
