- *Four offerings: Home Health, Home Care, Concierge Services and Hospice*

MEDICARE-CERTIFIED CARE

## Medicare-Certified Care

At Health Care Connectors, our Medicare-certified care services include nursing care, physical therapy, occupational therapy, speech and language therapy, and social services.

## Our Care Plans

Medicare skilled nursing care and certified home care visits are provided on an intermittent basis, with scheduled home visits to homebound clients only, under a plan of treatment ordered by a physician.

### Skilled Nursing

When clients return from the hospital, they may require assistance as they re-acclimate to life at home. Transitional care is an excellent way to help your loved one smoothly transition back to their everyday routine.

### Home Health Care Services

Coming home from a rehab facility is a time of change. We can help ease the transition for your loved one by offering the necessary support and care.

**10+**  
Years of  
Experience

## A Personal Approach to Home Health Care

Providing clinical-focused care to meet the medical needs of our patients from the comfort of their own home.
