

UConn A—Z, a collection of **26 postcards** featuring student-designed letterforms for each alphabet letter, represents unique aspects of UConn, reflecting our shared passion and Husky pride. Designed and created by students from the **Art + Art History Department Design Center**, this collection celebrates your philanthropic impact across UConn with fellow members of the Founders Society's Neag Circle, which recognizes our most generous partners.

Each design in **UConn A—Z** appears twice: once as a perforated postcard to tear out for use and once as a page in a miniature booklet as a keepsake.

The world moves forward because of UConn, and all we do is possible because of **you**.
